and sign all of the attached
Permit Declaration Sheet.***

Acknowledgement concerning required improvements in Public Right of Way:

Article VI, Section 5-117, 1) Requirements: Any person constructing or arranging for the construction of any commercial building, industrial building, residential building or any other facility, or addition thereto, exceeding four hundred square feet in floor area, who is not otherwise required to make the improvements enumerated herein, shall provide for the construction for concrete curbs, gutters, sidewalks and pavement already on the one-half of the street and alley abutting the lot on which the building or facility is to be constructed in accordance with the standard specifications of the City Engineer unless adequate concrete curbs, gutter, sidewalks and pavement already exist along the streets and alleys abutting the lot on which the building or facility is to be constructed.

I have read and agree to adhere to the following section and understand that the Engineering Division will examine the curb, gutter, sidewalk, and parkway for replacement just after the completion of the building work. If determined insufficient, inadequate, or non-conforming to current standards in the opinion of the City Engineer, the applicant will have to obtain a public works permit and complete said work. I understand the City of Seal Beach will NOT perform a final inspection and/or issue me a Certificate of Occupancy unless and until the City Engineer signs that all the required work has been completed or a cash deposit in the amount of twice the value of the public improvements, as determined by the City Engineer, has been deposited to the City. If a cash deposit has been accepted and work is not completed within three months of the final, the applicant/owner will forfeit the amount and the City will contract to have the work performed. I further certify under the penalty of perjury that I am the owner or am authorized to represent the Person, Firm or Corporation for whom this application is made.

Signature of Owner/Agent _____

Hazardous Materials Declaration: I have received, completed and signed the City's Building Department/Orange County Fire Department hazardous materials screening questionnaire. I understand the City of Seal Beach will NOT perform a final inspection and/or issue me a Certificate of Occupancy unless and until the Orange County Fire Department gives a clearance letter.

Signature of Owner/Agent _____ Date _____

Hold Harmless: In consideration of the granting of this building permit, I agree that the City of Seal Beach and any other officer, employee or agent thereof shall be saved harmless by the applicant from any liability or responsibility for any accident, loss or damage to persons or property, happening or occurring as the proximate result of any of the work undertaken under the terms of this application and the permit or permits which may be granted in response thereto, and that all of said liabilities are hereby assumed by the applicant.
